>>> Pre-Conference Advanced Course

A shared approach to cognitive and mental health issues in PWH

Cognitive, neurological and neuropsychological domains have a great relevance for health and wellbeing: a high prevalence of disturbances in such areas have been reported in PWH. Objective of the pre-course is to discuss which symptoms may be relevant to discuss with healthcare workers and which holistic approach may be followed (including screening, diagnostic and treatment pathways).

Chairs: Andrea Calcagno (Novara), Filippo Schlösser (Roma)

13.30 - 13.50 Opening: 3 pills for 5 Continents

Andrea Calcagno, Novara
Paola Maria Cinque, Milano
