RESPONSABILE SCIENTIFICO	Pasquale Talento
DATA	14 giugno 2026
SEDE	Hotel Selene, Via Pontina Km 30, 00071 Pomezia (Roma)

Scientific Rationale

The "Second International Symposium - Pelvic Floor Disorders: Focus on" is a congress of profound international importance, bringing together leading experts, clinicians, and researchers from across the globe to share their insights, research findings, and innovations in the field of colorectal and pelvic floor disorders. This symposium serves as a platform for cross-border collaboration, promoting international partnerships and the exchange of invaluable knowledge.

One distinctive feature of this symposium is the active involvement of others scientific societies. Their participation significantly enhances the scientific and organizational aspects of this event, and, with their support, the symposium is poised to offer a unique opportunity for attendees to engage with experts from different parts of the world and gain a comprehensive understanding of the latest developments in colorectal and pelvic floor disorders.

Many clinicians aspire to a multidisciplinary approach to the management of colorectal and pelvic problems, and the first step in widening the horizons of each of us is to communicate with our peers and colleagues from other specialties.

More than 300 participants will attend the meeting and pre-meeting courses based on new technologies, such as Laser in Coloproctology, HRA-anoscopy and anal precancerosis, Pelvic Floor Rehabilitation, Sacral Neuromodulation, Anorectal Manometry and Anal Endosonography and Colorectal Anastomotic Workshop.

We hope for a strong and productive discussion among all the involved professional roles, working together to ensure better solutions for patients with colorectal and pelvic floor disorders.

That is the aim of this conference.

PROGRAM

14th June 2026

HRA ANOSCOPY AND ANAL PRECANCEROSIS

Direttore Corso: M. Mistrangelo

08.30 Registrazione dei partecipanti - Introduzione e obiettivi del corso

09.00 HPV: epidemiologia e classificazione lesioni HPV-relate / M. Grillo

09.15 Displasia e lesioni HPV / M. Maglio

09.30 Diagnosi delle lesioni precancerose / M. Pezzatini

09.45 Ruolo del vaccino / M. Mistrangelo

10.00 Anal cancer screening / G. Candilio

10.15 Discussione e domande

10.30 Coffee Break

11.00 Anoscopia ad alta risoluzione: la nuova tecnologia applicata / M. Mozzon

11.30 Trattamento delle lesioni precancerose / M. De Santis (France)

11.45 Discussione e domande

12.00 Sessione interattiva: video-imaging di HRA e discussione casi clinici e modalità di trattamento / M. Mistrangelo

12.15 Trattamento Laser / I. Sirovich

12.30 Hands on - HRA con guida tutor - Stazioni Diagnostiche / M. Mozzon - M. Mistrangelo - M. De Santis - I. Sirovich

13.00 Take-home message

13.30 Chiusura corso

SEDE LEGALE: Via Santo Stefano, 11 – 40125 Bologna
